SQUID GAME – Strategy Meets Survival

The Squid Game competition under Cognotsav provides a thrilling platform for participants to experience a series of strategic and survival-based challenges inspired by classic childhood games with a competitive twist. Participants must rely on quick thinking, teamwork, and decision-making skills to progress through each round and avoid elimination.
The event is designed to test not only physical ability but also mental strength, coordination, and presence of mind under pressure.

Theme

"Survival & Strategy"

Participants must adapt, think fast, and make smart decisions in order to survive each round and reach the final stage of the game.
